📜 CERTIFICATES

• **Python Programming Certification**
Pearson VUE

• **Advanced Python Programming Course and Certificate –**
NAVTTTC

Introduction to Figma course
Simplilearn

🧠 SKILLS

• Computer Languages

• Python , c++ , Html , css ,javascript

• Machine learning:

• Boosting Models, Classification, Regression, Data Preprocessing, Feature engineering, Pandas, Numpy, Scikit-learn

Web Technologies:

WordPress, **Figma**, Canva (for UI/UX and web page design)

• Databases:

MySQL / SQL

• Version Control:

(Git, Github)

Microsoft Excel

• (data cleaning, pivot tables, charts, basic automation)

Soft Skills:

Communication, Teamwork, Problem Solving, Adaptability

📚 COURSES

📁 PROJECTS

AI Chatbot using Retrieval-Augmented Generation (RAG)

(final year project)

- Built a document-based chatbot using **LangChain**, **FAISS**, and a local **FLAN-T5** model.
- Processed PDFs using **PyPDFLoader** and split content with **RecursiveCharacterTextSplitter**.
- Applied concepts of **RAG architecture**, **vector search**, and **LLM integration** for intelligent responses.
