Work Experience

Fresher

Projects

Life Safety App

Sep 2024 - Present

I developed a life safety Android app using Kotlin, Java, and Firebase, integrating GPS for real-time location tracking. The app sends emergency alerts, ensures secure authentication, and provides a user-friendly interface, supporting users in critical situations effectively.

Education

National skills University

Sep 2022 - Present

BSc IET

Semester: 7th

GPA:2.76

Bahria College Zafar Campus E-8, Islamabad

Aug 2019 - Jul 2020
