INTRODUCTION

Data Science graduate who loves turning data into clear, useful insights. Skilled in Python, SQL, Power BI, and Tableau, with a passion for solving real problems and learning new tools.

EDUCATION

F.Sc PreEngineering

Aug 2019 - May 2021

ICMS College System Peshawar

- Majors: Mathematics, Physics, and Chemistry

Bachelor of Data Science

Sep 2021- June 2025

Institute of Management Sciences Peshawar

- Specialized in machine learning, data mining, artificial intelligence, and database systems, with hands-on experience in Python, data visualization and business intelligence tools.

Final Year Project

AI Calling Bot for Shopping Malls Information Retrieval System

- Built an AI-powered NLP calling bot for real-time product availability and location queries
- Integrated with CRM databases to provide accurate, up-to-date responses

WORK EXPERIENCE

AI Internship (Remote)

July - Sep 2025

Jantrah Tech (Pvt) Ltd Islamabad, Pakistan

- Built and fine-tuned an AI NLP calling bot for real-time queries
- Optimized deep learning models for accurate responses
- Integrated the bot with backend systems for dynamic results
- Maintained confidentiality and IP compliance

Data Analysis & Machine Learning | Fiverr

Dec 2024 - Present

- Developed interactive dashboards using Tableau, Power BI, Matplotlib, and Seaborn
- Performed data preprocessing, feature engineering, and built machine learning models with Python (Scikit-learn, Pandas)
- Conducted SQL and Excel-based data analysis, delivering actionable insights for clients

Data Scientist & Data Analyst | PHARMACEUTICAL

March - Aug 2025

LIBRA PHARMACEUTICALS (PVT) LTD Peshawar, Pakistan

- Analyzing and visualizing data using Power BI
- Developing dashboards to track key business metrics
- Assisting in data management and business insights.
- Worked on MREP for data management/analysis

E-commerce Specialist | Shopify

June - Sep 2023

Warsakimportedcollection.com & Hksimportedcollection.com

- Inventory management and order processing fulfillment
- Managed product listings and optimized SEO strategies to boost visibility and sales
- Provided customer support, ensuring high satisfaction and engagement

AWARDS/CERTIFICATION

Diplomain Information Technology (DIT) – Peshawar Technical Board	May 2020
Studied fundamental IT concepts, including networking, programming, and databases	
Data Science & Analytics – 365 Data Science	March 2021
Learned data analysis, visualization, and machine learning techniques	
National Freelancing Training Program (NFTP)	March 2023
Developed skills in digital marketing, e-commerce, and online freelancing	
CCNA (CISCO NETACAD)	Jan 2024
- IT Essentials : Basic PC hardware, software, and troubleshooting skills - CCNAv7: Introduction to Networks - CCNAv7: Enterprise Networking, Security, and Automation - CCNAv7: Switching, Routing, and Wireless Essentials - CyberOps Associate (CISCO NETACAD)	
GIT & GITHUB – Coursera	May 2025
Git, GitHub, Version Control, Command-Line Interface, Debugging, Code Review, Software Development Tools, Collaboration on Remote Repositories	
Data Analysis with Python – Coursera	May 2025
Gained hands-on experience in cleaning, analyzing, and visualizing real-world data, and building predictive models with Python	
Machine Learning Specilization – Coursera	July 2025
1. Supervised Machine Learning: Regression and Classification	
Built models using NumPy & Scikit-learn; applied linear & logistic regression for prediction and classification	
2. Advanced Learning Algorithms	
Trained neural networks using TensorFlow; implemented decision trees, random forests, and boosted trees	
3. Unsupervised Learning, Recommenders, Reinforcement Learning	
Applied clustering and anomaly detection; built collaborative and content-based recommender systems; implemented deep reinforcement learning	

SKILLS

Technical Skills

- Programming: Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn)
- Data Analysis & Visualization: Power BI, Tableau, SQL, Excel
- Machine Learning: Supervised & Unsupervised Learning, Feature Engineering
- Database Management: SQL, MySQL, PostgreSQL
- E-commerce & SEO: Shopify, Wordpress

Soft Skills

- Problem-Solving: Finds practical solutions to complex challenges
- Team Collaboration: Works effectively in teams to achieve goals
- Time Management: Meets deadlines efficiently
- Work Ethic: Reliable, dedicated, and quality-focused

LANGUAGES

- English: Proficient (written and spoken)
