Experience

Legilegacy

August 2025 – September 2025

Mern Stack Developer

Rawalpindi

- Converted Figma designs into fully responsive web applications using Next Js, HTML, CSS, and JavaScript
- Developed and integrated backend APIs using Node.js and Express.js to support frontend functionality
- Followed best practices in coding standards, version control (Git), and API documentation.

Bright Techno Tonic

April 2025 – May 2025

Mean Stack Developer

Ethiopia (Remote)

- Built responsive and visually good web interfaces from Figma mockups using Angular, HTML, CSS, and JavaScript.
- Designed and connected backend services using Node.js and Express.js, enhancing application performance.
- Followed best practices in coding standards, version control (Git), and API documentation.

Codistan Ventures

July 2024 – September 2024

Frontend Developer Intern

Islamabad, Pakistan

- Assisted in converting Figma UI/UX designs into fully functional, responsive web applications using React.js, HTML, CSS, and JavaScript
- Helped develop RESTful APIs using Node.js and Express.js to connect frontend applications with MongoDB databases
- Gained hands-on experience in version control (Git), agile workflows, and remote team collaboration

Projects

Dermalactives | *Next.js, Tailwind CSS*

August 2025

- Built a responsive front-end for Dermalactives using modern web technologies.
- Integrated WooCommerce REST API for products, cart, and checkout features.
- Ensured performance, scalability, and smooth user experience.

Skillentras | *Next.js, ShadCN*

July 2025

- Built high-quality UI components and pages using Next.js and ShadCN
- Deployed the application on HosterPK, ensuring optimal performance and accessibility
- Integrated RESTful APIs to enhance application functionality

Allen Sportswear | *Material UI, Next.js*

August 2024

- Built high-quality UI components and pages using React.js and Material UI based on Figma designs
- Translated modern UI/UX concepts from Figma into responsive, interactive web interfaces
- Customized Material UI components to match brand guidelines and improve user experience
